Hi, I'm Punxsutawney Phil the Groundhog. If you listen to this story you will be able to finish the drawing of me by filling in the blanks with a rhyming word & drawing each part. My body is drawn, you draw the rest. Let's get started...

I am much bigger than a **mole**. On Feb. 2<sup>nd</sup> I will pop up from my \_\_\_\_\_

In the Fall I dig my home and make my **bed**. I'm furry like a bear from my toes up to my \_\_\_\_\_

Now it's time to check out the **skies**, so I open my 2 \_\_\_\_\_

**Oh No...** If it's sunny my shadow is one of my biggest **fears** back down I go to bury my little brown \_\_\_\_\_

If it's cloudy well then my eyes won't **close**. Spring is in the air I can sniff it with my \_\_\_\_\_

Did you know, I'm really a Woodchuck asleep way in the ground **beneath**? Yet when I'm not hibernating I'm sharpening my 2-buck \_\_\_\_\_

When hunting around for seeds and grasses to **eat**. I move around on my front and back clawed \_\_\_\_\_

My favorite treat is grass that tastes like a bunch of **straws**. You may see me holding it in my 2 \_\_\_\_\_

I think it's quite funny that today all will follow my **trail**. They want me to pop out of my hole and wag my \_\_\_\_\_

I think the majority will hope that I do not see a shadow. What do you hope?
