Read I'll Always Love You

"Alex's mom says that she will always love him, no matter what. Alex still isn't sure. He doesn't want to get into too much trouble for the broken honey bowl! Even if Alex gets into a pillow fight, paints the baby all different colors, or pours oatmeal over his head, his mom says that she will always love him. Gentle text and sweet illustrations show the unconditional love a mother has for her son. This book will assure children that no matter what they do their parents will always love them. "
