

Note To Teacher: Below is two pages for your students. Print pages 1 -2 on separate sheets of paper. Cut out a few of the Leprechaun's charms and show your students how to place them on the graph. Then, allow them to complete the rest. When they are finished, instruct them to complete the graph questions.

The Leprechaun needs help collecting and organizing his charms. Cut each charm out and glue it to the correct space on the graph.

Name _____ Date _____

Graphing For St. Patrick's Day

Glue your Leprechaun Charms on the correct section of the graph. Answer the questions about your graph.

<i>Rainbows</i>
